

17. Assessment of the Atka mackerel stock in the Gulf of Alaska

Alaska Fisheries Science Center, National Marine Fisheries Service

Catch report

The most recent full assessment of this stock was in 2021 and can be found [here](#). Catch data are current through November 8, 2025. No assessment was conducted for this stock this year due to the lapse in Congressional appropriations and resulting government shutdown. Until data are updated, the values generated from the previous stock assessment will be rolled over for specifications.
